

# CHANGE IS COMING

Joseph Habedank, Jonathan Smith, Tony Wood

World so full of hurt and hate  
But change is coming  
Seems like life is cheap these days  
But change is coming  
Those in power lie and cheat  
People live so selfishly  
But I've got faith and I believe  
Change is coming

**There's a kingdom on the way  
An answer to the prayers we pray  
It's getting closer every day  
'Cause Jesus is the change  
And change is coming**

People calling wrong things right  
But change is coming  
Thinking they can hide out from the light  
But change is coming  
Kids ain't got enough to eat  
People fighting in the streets  
It's 'bout time for the Prince of Peace  
Change is coming

*Trumpet blast will split the sky  
See Him on a horse of white  
Lift your head and dry your eyes  
Cause change is coming*
